Interim statement for the six months to 31 January 2017

Chairman's statement

---

## Dear Shareholder

I am pleased to present the interim accounts of World Careers Network ("WCN") for the half year to 31 January 2017.

## Financial Review

Half year revenues were £5.10m compared to £3.76m in the first half of 2015-16, an increase of 36%, mainly as a result of increased revenue from existing clients and new projects started in 2015-16 coming fully online.

Costs rose by just over £1.0m compared to the same period last year as 2015-16 investment decisions took increased effect and are approximately £0.7m higher than the second half of the 2016 year. The increases are primarily in marketing, employment and associated on costs.

As a consequence operating profits for the six months increased from £345k to £670k, in part boosted by the strong dollar

## Outlook

In order to ensure our products are compelling, innovative and transformational, to maintain a high level of service to clients and to support future growth we expect to see a significant further increase in our cost base in the second half of the year compared to the first half as we strengthen our support, product development and sales teams. Meanwhile sales to new clients have been low in the first half of the year and future levels remain uncertain..

As a consequence we have made a loss in the first two months of the second half year and, as indicated in my last Chairman's statement, I expect the profit for the full year to be significantly reduced compared to last year and for our investments to have a material adverse impact on our results for 2018.

I would like to thank my colleagues at WCN for their hard work to ensure our clients and WCN's success.

Charles Hipps  
**Chairman, World Careers Network Plc**
